

Contractor Classes Offered At CSN and TMCC

College of Southern Nevada

The Nevada State Contractors Board is co-sponsoring the following classes with the College of Southern Nevada for 2008. To register for classes, call: (702) 651-5790 and refer to the call numbers listed, or log on to: www.csn.edu/workforce/construction Questions may be e-mailed to: manus.edwards@csn.edu Registration is \$50 per class per person. Seating is limited. Registrants must provide a valid Nevada State Contractors Board license.

Introduction to Planning and Scheduling Using Suretrack - 14082

This course teaches students how to plan and update projects, master the user-interface, save schedules and how to control output for reports using Suretrak Project Manager 3.0.

March 8-15, 2008 (Saturdays), 9 a.m. to 5 p.m., Green Valley Advanced Technical Center, 1560 Warm Springs Road, Henderson

North American Technician Excellence Certification Review (NATE)- 13532

Are you seeking advancement or a new career in the air conditioning field? NATE is recognized by all areas of the industry as a means of verifying and validating technician knowledge. NATE certification will give you confidence that you are the expert customers want. Two years field experience or course work in heating, ventilation, air conditioning and refrigeration are recommended for best performance on the exam. Certification lasts for five years and then must be re-certified.

March 26-May 14, 2008 (Wednesdays), 7 to 9:30 p.m., Henderson Campus, 700 College Drive, Rm. B214, Henderson

Estimating Process II - 17103

Learning to estimate from a set of drawings and specifications is a skill that can take a life-time to learn, but these two evening classes will introduce to you the skill and share the rules of thumb that estimators use every day. Some topics include: Permits and codes (costs), how to ensure profitability, roofing product estimates and more.

April 8 and 10, 2008 (Tuesday and Thursday), 6 to 10 p.m., Green Valley Advanced Technical Center, 1560 Warm Springs Road, Rm. 115, Henderson

Understanding Lien Law - 14086

Learning about your lien rights and how to exercise them will help you to ensure a profit. This course will teach you the basics of Lien Law.

April 17, 2008, 6 to 10 p.m., Green Valley Advanced Technical Center, 1560 Warm Springs Road, Rm. 121, Henderson

Project Management Skills For Construction Part I - 14086

This course illustrates how a project manager/project superintendent completes a project on time and addresses the authority and responsibility of the various parties - owner, architects, engineers, generals and other project managers.

April 22-24, 2008, 6 to 10 p.m., Green Valley Advanced Technical Center, 1560 Warm Springs Road, Henderson

Truckee Meadows Community College

The Nevada State Contractors Board is co-sponsoring the following classes with Truckee Meadows Community College for 2008. Registration fee for each course is \$50. For questions, email wdce@tmcc.edu or call (775) 824-3836.

Blueprint Reading Intermediate – CUS803C

Expands on knowledge gained in Basic Blueprint Reading by translating design requirements for production.

Feb. 28; Mar. 6, 13, 20; Apr. 3, 2008, 4 to 7 p.m., TMCC IGT Applied Technology Center 475 Edison Way, Reno, Rm. 210

Jobsite Safety Awareness – CUS801C

Learn to recognize unsafe acts or conditions that may exist on a construction site—from heavy commercial to residential remodels. Nevada Revised Statutes and OSHA both require reporting of unsafe acts or conditions.

Mar. 17, 2008, 8 to 10 a.m., TMCC IGT Applied Technology Center 475 Edison Way, Reno, Rm.122

30 Hour OSHA Construction Standards – CUS812C

Explore OSHA policies, procedures and standards as well as construction safety and health principles. Focus on those areas that are the most hazardous, using OSHA standards as a guide. Upon successful completion of the course, students will receive a 30 hour construction wallet card and be able to locate the correct OSHA standards in 29 CFR 1926; identify common causes of accidents and fatalities in hazardous areas and identify abatement techniques for such hazards.

Mar. 24-27, 2008, 8 a.m. to 5 p.m., TMCC IGT Applied Technology Center 475 Edison Way, Reno, Rm. 112

Project Management For Contractors – CUS809C

Learn the basics of project management, including internationally accepted PM concepts, practical tools for effective project planning, execution, monitoring, controlling and closing out a construction project, as well as techniques for managing people, paper, and communication.

March 26, April 9, 16, 23, 2008, 2 to 5 p.m., TMCC IGT Applied Technology Center 475 Edison Way, Reno, Rm. 112
