# Contractors Find Opportunities In Testing Home Energy Use

By Jacquelyn Smith

You hear the term Whole Home Performance these days and are probably wondering what it's all about. Whole Home Performance is a "systems approach," using state-of-the-art diagnostic testing, that identifies the root cause of common household problems affecting energy use, comfort and indoor air quality. Business opportunities are available for contractors from all trades (HVAC, General, Insulation, etc.) to participate by taking advantage of training and certification.

Testing a home can be the best way to evaluate a home's "energy mileage." Testing provides homeowners with information on how healthy their home is and what devices are both inside and outside the home that contribute to energy use. Contractors can assist homeowners by

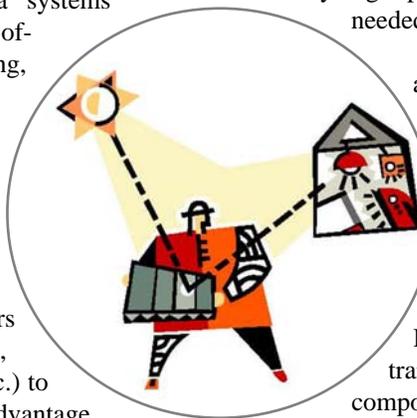

performing specialized tests that measure various areas of a home's energy usage. Once the initial assessment is completed, the contractor can develop a customized plan for the homeowner and can immediately begin performing the work needed.

Contractors can take advantage of specialized services and products available at: [www.greennet.com](http://www.greennet.com) that will help them grow their business in Whole Home Performance. Through HVAC, RCA and DTS training - which are all components of Whole Home

Performance, - contractors can become part of the energy efficient movement.

Other resources can be found through The Building Performance Institute (BPI). BPI provides training, professional certification, company accreditation and quality

## Boulder City Building Permit Questions

*The following frequently asked questions have to do with obtaining building permits from the City of Boulder City.*

• **Question: Do I need a permit to pour concrete or flatwork on my property?**  
• **Answer:** Concrete and flatwork does not require a building permit, unless a structure is to be built on top of such concrete or flatwork.

• **Q: Do I need a permit for a shed?**  
• **A:** Yes, unless the shed is less than 120 square feet in floor area. However, setbacks from the property line still have to be observed. Contact the Planning Division at: (702) 293-9282 for additional information on setbacks.

### addition?

• **A:** No, provided the addition is less than 600 square feet, and there are no geotechnical soils hazard concerns noticed when the foundation inspection is being performed.

### • **Q:** Do I need a permit for a patio cover?

• **A:** Yes.

### • **Q:** Do I need a permit for a fence?

• **A:** Yes.

### • **Q:** What information do I need to submit to obtain a fence permit?

• **A:** One will need to submit a site plan showing location, length, height of wall and a property line agreement with the adjacent property owners giving permission to construct such a wall if the wall and/or footing are to be located on the property line. City of Boulder City's standard details may be used for construction. For more information, click here: [Fence & Retaining Wall Building Permit Guide](#)

### • **Q:** What is exempt from a permit?

• **A:** Section 105.2 of the Boulder City Administrative Code defines all items exempt from permits. For more information, click here: [2009 Administrative Building Code](#)

### • **Q:** How much does a permit cost?

• **A:** The permit fees can be found in the Boulder City 2009 Administrative Building Code, Section 109. You may also call our office at: (702) 293-9282 to speak to the Development Services Specialist for a quote on a permit.

### • **Q:** Is there a checklist of required information to be included on my plans and with my permit submittal?

• **A:** Yes. Please refer to this [checklist of](#)

### [required information](#)

#### • **Q:** Can I speak with an inspector or plans examiner?

• **A:** Yes. An appointment should be made with the department secretary one day in advance unless there is an emergency. In the event of an emergency, the department secretary can direct your call to an inspector or plans examiner between 7 a.m. and 5 p.m., Monday through Thursday. Please call our office at: (702) 293-9282 for an appointment.

#### • **Q:** When should I call/e-mail for an inspection?

• **A:** Inspections must be scheduled a minimum of one day in advance unless an inspection is desired the same day (see below). For example, if you would like an inspection on Tuesday, you must call by 3:30 p.m. on Monday. Since City Hall is closed on Fridays, to schedule a Monday inspection, you must call by 3:30 p.m. the previous Thursday. When requesting an inspection, please call: (702) 293-9327 and leave a message with the following information:

- 1) Address to which the permit was issued.
- 2) Permit number.
- 3) Inspection type.
- 4) Day you would like the inspection.
- 5) Contact name and phone number for the project.

If you prefer, you may e-mail your inspection request with the above information to [buildinginspections@bcnv.org](mailto:buildinginspections@bcnv.org). All e-mails must be received by 3:30 p.m. to be put on the log for the next business day. (\*NOTE: If you e-mail your request, please do not also call and leave a voice-mail. You only need to call OR e-mail your request once).

#### • **Q:** Can I schedule an inspection on a Friday, Saturday or Holiday?

• **A:** No. Due to decreased staffing levels, we no longer schedule inspections on Fridays, Saturdays or holidays. We apologize for the inconvenience.

#### • **Q:** Can I schedule an inspection for the same day?

• **A:** Yes. If you require a same-day inspection, please be advised that there is a fee. The fee is a minimum of \$85. Payment for the inspection is required at the time the inspection is scheduled, and the inspection must be scheduled prior to 12 p.m. on the regular work day the inspection is needed. Please **ONLY** call: (702) 293-9282 when requesting a **same-day inspection**.

# Here's What's Happening at the Board

## Statewide Stings Target Unlicensed Activity

Criminal investigators from the Nevada State Contractors Board recently conducted multiple sting operations in northwest Las Vegas and the Reno/Sparks area. Nine alleged unlicensed contractors were given criminal citations in Southern Nevada and two were cited in Northern Nevada.

Those who received citations in Southern Nevada included:

**Cesar Ernesto Recinos-Lopez, dba Cesar's Handy Work**, recently thought he stumbled onto a gold mine of potential customers, while canvassing a Northwest Las Vegas neighborhood with his business cards in search of drywall jobs.

Unfortunately, he didn't have a contractor's license and was given a criminal citation by a NSCB investigator for *contracting without a license* and *advertising without a license* after submitting a \$1,100 drywall bid. Upon receipt of the citation, Recinos-Lopez stated:

"I didn't know anything about this when I got this (business license). No one explained what I could do."

What Recinos-Lopez needed to do was obtain either a C-3 or C-4 contractor's

license.

**Rogelio Orozco Rubio, dba Mechanical Services; Michael Brewer, dba LV Xtreme Painters; Guy Mizrahi, dba Mr. Fix; and Phillip Harp, dba Exterior Home Services** turned to Craigslist to advertise their contracting services. Unfortunately, none of them were licensed contractors, and they were cited by NSCB investigators at a sting house.

Rubio submitted a \$1,500 bid for the installation of a water heater and drywall. He was cited for *contracting without a license*.

Brewer submitted a \$1,400 bid to paint the exterior of the two-story home. He was cited for *contracting without a license* and *advertising without a license*.

Mizrahi submitted a \$14,000 bid to NSCB investigators to repair the fire-damaged garage that included electrical work, exterior painting and drywall work. He was cited for *contracting without a license* and *advertising without a license*. Upon

## Margi Grein Receives SNHBA Award

Las Vegas home builder Nat Hodgson, President of the Southern Nevada Home Builders Association, recently presented Margi Grein,

**Nat Hodgson presents Margi Grein with an award**

Executive Officer of the NSCB, with a President's Special Award for Outstanding Service to the Community/Industry at the association's 2011 Installation of Officers and Directors/2010 President's Appreciation Awards Luncheon at the Four Seasons Hotel in Las Vegas.

"As 2010 President, it's my pleasure to be able to present special awards to individuals who have provided special services or opportunities for the home building industry," Hodgson said. "Margi has strived to work with our industry, board members and the public to give a new face to this important agency and make many improvements."

Hodgson said some of Grein's improvements at the NSCB included refining processes, educational programs, the newsletter, Residential Recovery Fund procedures, agency oversight and faster complaint resolution. As part of the NSCB's Strategic Plan, Grein is also implementing one of the Board's goals of reaching out to industry associations.

Founded in 1953 by 12 local home builders and incorporated with the state of Nevada in 1954, the Southern Nevada Home Builders Association ranks as the oldest and largest local trade organization representing the residential construction industry. It has approximately 325 members who work in all facets of the home building industry.

## Volunteer Your Home For Stings

The Nevada State Contractors Board is asking contractors to become involved in helping to protect their neighborhoods from unlicensed contractors by volunteering their homes for one-day use by undercover NSCB investigators for sting operations.

To learn more on how you can help stop illegal unlicensed contractors from targeting your neighborhood, contact:

- Southern Nevada - Kenny Peppley, Supervisor of Criminal Investigations, (702) 486-1100, Ext. 1144.
- Northern Nevada (Carson City, Fallon, Elko and other outlying areas) – Fred Schoenfeldt, Investigations Supervisor, (775) 688-1141, Ext 7884.

### Help Fight Unlicensed Contracting!

The Nevada State Contractors Board is inviting licensed contractors statewide to help fight unlicensed activity in their neighborhoods.

The Board, through its "Unlicensed Contractor Awareness Campaign," is asking licensed contractors to help by displaying a poster and distributing brochures to educate homeowners about the dangers of hiring unlicensed contractors.

Contact the Board for your informational packet that includes samples of brochures available online, an Unlicensed Contractor Hotline Card to report unlicensed contractors, handouts and a laminate "Unlicensed Contractor Awareness" poster.

Please e-mail your name, company name, license number, address and phone number to:

Reno/Sparks area included:

**Stephen R. Quinn, dba Steve the Painter**, provided a \$1,400 painting bid to a NSCB investigator. He bragged, in a Craigslist advertisement, that he had 25 years experience and was an expert in painting rounded corners in homes. But when it came to painting the garage, he said some of the pipes would probably get paint on them. Quinn apparently hadn't learned how to use painter's blue masking tape. He was issued a criminal citation for *contracting without a license*.

**Oscar Rojas-Segura** showed up at the jobsite and forgot to bring his tape measure. A NSCB investigator helped him out by suggesting that he pace out an area for the installation of pavers. Rojas-Segura also didn't speak or write in English very well, so his girlfriend assisted him in writing a \$1,600 bid for the job. Rojas-Segura was immediately issued a criminal citation for *contracting without a license*.

"These stings should serve as a warning that the NSCB is serious about cracking down on unlicensed contractors," said Margi Grein, Executive Officer of the Board.

"Consumers should not be taken in by promises of cheap work performed by unlicensed contractors. In reality it may cost more, and the consumer is left with little or no protection. It is important for consumers to check the license status of any company they wish to hire at our website:
