(Henderson, NV) - At a meeting on Nov. 17, 2005, the Nevada State Contractors Board adjudicated cases involving one contractor.

General Builders dba American General Development, license numbers 22816 (General Building) and 22816A (Commercial and Residential Pools) based out of Carson City, NV., was found in violation of Nevada Revised Statute 624 for substandard workmanship; failure to comply with a written request from the Board; failure to include license number or monetary limit on a contract or proposal; abandonment without legal excuse of a construction project; and violation of pool regulations. The licensee was fined \$2,050 and assessed the cost of investigation.

The Nevada State Contractors Board is committed to protecting the public's health, safety, and welfare through licensing and regulation of the construction industry. Under Nevada Revised Statutes, a licensee is subject to disciplinary action by the Board for failure to comply with the requirements of the laws or regulations governing contractors. Violations may result in Board action against the contractor's license. The State Contractors Board has the power to regulate contractors and discipline licensees who violate NRS 624. Disciplinary action may consist of a fine of up to \$10,000 per offense, order corrective action, suspension, revocation or other action.
