NSCB Investigators Cite Contractor For Alleged Unlicensed Activity

Nevada State Contractors Board investigators recently conducted a sting operation in the Reno area for alleged unlicensed contracting activity. **Jorge Ramirez**, dba General Handy Man & House Maintenance, submitted a *bid for electrical work*. He was issued two criminal citations for contracting without a license and advertising without a license.

Contracting without a license in Nevada is a misdemeanor for the first offense, a gross misdemeanor for the second offense and a Class E felony for the third offense.

Homeowners who use unlicensed contractors are not eligible for the Residential Recovery Fund, and by law their contracts are null and void.

The NSCB recommends that homeowners not use unlicensed contractors because their work is generally poor quality, they are often uninsured and may not maintain workman's compensation coverage for their employees and the homeowner may be liable for all injuries to workers.
