FORMER NSCB CHAIRMAN TOM HARMON DIES

It is with great sadness that the Nevada State Contractors Board reports the passing of former Board Member Tom Harmon. He was 76. Harmon, owner of Desert Construction, was appointed to the Board by Governor Richard Bryan in 1983. He served two 3-year terms, and was the Board's chairman from 1987 to 1989.

A native of Beaumont, Tex., he worked at Acme Electric in Las Vegas before founding Desert Construction with his brother John. He was a longtime member of the Southern Nevada Home Builders Association, serving as its president from 1989 to 1990.

Funeral arrangements are under the direction of Davis Funeral Home, scheduled for February 5, 2014.
