BRIAN PLASTER APPOINTED TO COMMISSION ON CONSTRUCTION EDUCATION

HENDERSON, Nev. – Governor Brian Sandoval recently appointed Las Vegas builder Brian Plaster to the Commission on Construction Education. Plaster is currently vice president of operations at Signature Management and fills the vacancy of former commissioner Jennifer Lewis. His term is effective July 1, 2015 through June 30, 2016.

“The Nevada State Contractors Board extends its congratulations to Mr. Plaster on his recent appointment to the Commission on Construction Education and looks forward to his involvement in making educational opportunities for Nevada’s construction community a reality,” stated NSCB Executive Officer Margi Grein.

A Las Vegas-native, Plaster is an innovative professional who utilizes his insider, local-industry knowledge and extensive experience to provide clients with superior property management service. During the economic downturn, he was involved in three successful apartment/townhome complex lease-ups, Town (92 units), Desert Shadows (192 units), and Suncrest townhomes (76 units).

Plaster received his Bachelor of Science from Sewanee University and his Masters of Science from Texas State University. He was recognized by the Nevada Association of Home Builders as a certified master green builder. Plaster is an active member of the community and currently serves on the Board of Directors for the Southern Nevada Home Builders Association and Boys Town Nevada.

The Commission consists of one member from the Nevada State Contractors Board and six members appointed by the governor. Four members represent the construction industry and the other two have knowledge of construction education programs. Funds received from fines assessed at disciplinary hearings and voluntary contributions by licensed contractors are distributed as grants by the commission for educational purposes and programs that support the construction industry.
