Governor Makes Appointments to Commission on Construction Education

Gov. Jim Gibbons recently appointed Dale Lowery, Michael Pack, Jennifer Lewis and Frank Pesce to the Commission on Construction Education. Michael Scolari and Ed Horan were reappointed by the governor to the commission.

The Construction Education Commission was created by the Nevada Legislature in 2001 for the purpose of encouraging programs that meet the mission of improving quality and integrity in the construction industry to attract and retain an educated and skilled workforce. It consists of one member from the Nevada State Contractors Board and six members appointed by the governor. Four members represent the construction industry and the other two have knowledge of construction education programs.

The commission is totally funded through voluntary contributions and fines levied through the State Contractors Board disciplinary process. A goal of the program is to increase awareness that a career in the construction trade is a viable profession that offers competitive salaries and high job satisfaction.

Grant applications are available on the Nevada State Contractors Board website at:
www.nscb.state.nv.us.
